

LETTER OF CONCERN

Student Name:

Write a letter of concern to a fictional modern activist. Give them advice on how to organize based on the information you learned from hearing first-hand accounts of SNCC organizers. Make sure your letter includes quotes as evidence and the following:

- **Identify** the work that the selected Activist has done to progress the cause of human rights.
- **Compare** the work of the selected activist to the work of 'Student Activism' in the Civil Right Movement.
- **Recommend** one to two valuable suggestions on tools that they can use to progress their cause based on Student Activism' in the Civil Right Movement. Be sure to add quotes and a clear explanation of why you think this approach would work.
